

House Rules

Dear fellow scout and house guest, below, you'll find 12 house rules to abide by during your stay:

1- No parties or events allowed.

We are not here to ruin anybody's fun, but our house is not an appropriate location for a house party. You need to make sure that your stay remains party-free. If you plan on having a party, birthday, or any other event that includes loud music, please mention it while booking the house.

2- No smoking allowed.

We have a strict rule of no smoking inside the house. Please make sure all smokers use the balcony or the outdoor space. And make sure they throw cigarette butts into the trash can instead of on the ground.

3- No pets allowed.

Please keep your pets in the outdoor area in front of the house. We do not tolerate pets inside the house for any reason.

4- Increase number of guests

On your reservation day, we have both agreed on the number of people that will be using the house. Please notify us properly if more people will join your gathering.

5- Respect the noise curfew.

In order to maintain the good relationship with our neighbours, please make sure you keep quiet after midnight during the weekdays and after 1:00am on weekends.

6- Turn off the electricity when you go out.

Electricity is neither free nor cheap. We appreciate your support in making sure that all lights, AC, heater, and other electrical appliances are turned off when you leave the house.

7- Respect check-in and check-out times.

We have both agreed on a check-in and checkout timing. Please make sure to respect the times as other people might have booked the house before or after you and are expected to arrive on time.

8- Take care of the furniture.

Please treat the furniture as if it was yours. Be careful not to break anything else you will have to replace it.

9- Do your dishes.

Make sure you wash all the dishes you used prior to your departure. Your behaviour will be the criteria used in our decision upon your next booking.

10- Take the trash out before you leave.

Please make sure you take your trash out when you leave the house. Do your usual final inspection and remove/dispose of all trash left behind.

11- No illegal substances allowed on the premises.

Storing or consuming drugs or other illegal substances is strictly forbidden.

12- Outdoor campfires

If you plan on having a campfire during your stay, please make sure:

- a) It is a small fire
- b) It is a properly controlled fire
- c) It is away from any risk area
- d) Water is available nearby just in case the fire gets out of control
- e) The fire is properly put out at the end of the event.
